WAR DEPARTMENT.

RELIEF OF UNEMPLOYMENT, CIVILIAN CONSERVATION CORPS

REGULATIONS AMENDED

[Changes No. 63]

FEBRUARY 24, 1937.

War Department Regulations—Relief of Unemployment, Civilian Conservation Corps, May 15, 1935, is changed as follows:

37. *Death and injuries.*

d. When a member who is discharged for any reason is at the time of discharge totally or partially disabled as a result of a traumatic injury received in the performance of duty at any time during his enrollment, he should be advised of his right to file a claim for compensation and be provided with Form CA-4 for that purpose. In every such case a notice will be sent to the United States Employees' Compensation Commission showing the date of discharge, the reason for discharge, the member's physical condition at the time of discharge, the date when Form CA 2-C reporting the injury was forwarded to the commission, whether a report of termination of disability (return to duty) was forwarded to the commission and if so on what date, and what action has been taken with respect to Form CA-4. This notice to the commission should be accompanied by true copies of C. C. C. Form Nos. 1 and 1A, and a brief summary of any clinical record of treatment, with diagnosis and prognosis, or the original clinical record (see pars. 31a (1), (3), and (4) and 97b). When practicable the member's completed claim on Form CA-4 should be forwarded to the commission at the same time. *In all cases where claim for compensation has been made for injury to the eye or eyes involving a permanent loss of vision, either total or partial, the claimant will be examined at the time of discharge by an eye specialist, who will make report of such examination on Form U. S.-205 (Physician's Report on Permanent Eye Disabilities). This report will be in addition to other reports required.* In the preparation of claims for compensation on account of injury (Form CA-4), the cash wage of members will be shown as the actual amount earned by such member including allotment, and the value of the allowance as \$45.

(A. G. 324.5 (12-24-36).)

The equivalent of 2000 pounds of pulverized limestone is either (1) 2000 pounds of ground marl which will analyze at least 80 percent carbonates, 90 percent of which will pass through a 20-mesh sieve, and from which none of the fine material has been removed, or (2) 1500 pounds of hydrated lime, or (3) 1000 pounds of ground burned lime, or (4) other approved material.

II

The following is added after the matter appearing under the heading "Liming" between Practice Number 7 and Practice Number 8:

SUPERPHOSPHATE APPLIED IN PREPARATION FOR SEEDING LEGUMES

Applying, between July 15, 1937, and October 31, 1937, from 300 to 600 pounds of 20 percent superphosphate or its equivalent per acre, to crop land if the county committee determines that such application is made in preparation for seeding such crop land in the spring of 1938 to legumes or to a grass and legume mixture. In all cases payment will be made only on the quantity of 20 percent superphosphate which is in excess of 160 pounds per acre.

III

The following is added after the matter appearing under the heading "Fertilizing Green-Manure Crops" between Practice Number 7 and Practice Number 8:

Applying to the same land from 2000 to 4000 pounds of pulverized limestone and from 300 to 600 pounds of 20 percent superphosphate per acre to any of the crops specified in Practice 8 or 9 below.

IV

The following shall be entered as the first paragraph under Practice Number 9:

On Long Island, on land normally devoted to the commercial production of potatoes, pearl millet, Japanese millet or Sudan grass which is sown between May 15 and August 15 and plowed under after attaining at least 30 inches' growth, and which replaces a commercial vegetable crop, may be substituted for the biennial or perennial legumes in Practice 9.

V

In order to correct a clerical error, the present third paragraph under Practice Number 9 is amended to read as follows:

When annual grains are clipped green and left on land normally devoted to commercial vegetables from which no crop is removed in 1937, and followed by legume crops specified in Practice 9 which occupy such land throughout the remainder of the 1937 growing season, such clipping of the small grains may be substituted for the plowing or disking under in practice 8 and such leaving of legume crops on the land may be substituted for the plowing or disking under in Practice 9, and the provisions of the last preceding paragraph shall be applicable.

VI

Practice Number 18 is amended by striking out the matter now appearing under that heading and inserting in lieu thereof the following:

18. Establishing and maintaining strips of sod on fields devoted to intertilled crops. This practice shall be carried out according to plans approved in advance by the county committee based upon the recommendation of the Soil Conservation Service or the Extension Service of the State College of Agriculture.
Payment, \$2.00 per acre of such sod strips.

VII

Part V, "Definitions", is amended by adding at the end thereof the following:

As used herein as an adjective the term "approved" means, unless the context otherwise requires, found by the county committee to be recognized as conforming to good farming practice under the circumstances, in instructions issued by the State committee, based upon (a) recommendations contained in the most recent official reports or bulletins issued by the United States Department of Agriculture, the State Department of Agriculture, the State agricultural experiment station, or the State agricultural college, or (b) a finding of facts made by the State committee after a study of the material pertinent to the subject matter.

In testimony whereof, H. A. Wallace, Secretary of Agriculture, has hereunto set his hand and caused the official seal of the Department of Agriculture to be affixed in the city of Washington, District of Columbia, this 4th day of March, 1937.
